Dear John:

On behalf of our organization, I want to take this opportunity to thank you very much for the generous donation you made recently of 150 toothbrushes for children of The Sunflower and Casa de Milagros orphanages in Peru. They were part of the items included with other toys, school supplies and personal items that were put in gift bags made by some of the residents at Elgin Manor. The material for the bags was donated by Baskin Fabrics and many, many individuals donated the other dozens of items that went into each bag. The children will be so excited to receive these special gifts and it is due to the kind efforts and generosity of individuals and organizations such as yours that helped make this project possible.

Once again, thanks for your support.

Sincerely,

Nancy Whittingham
Executive Director
