Zymax™ QG

Quick Grip Enzymatic Cleaning Gel

Zymax QG Enzymatic Cleaning Gel is a multi-enzyme RTU detergent. The proprietary blend of enzymes is formulated to be especially effective in the removal of organic material found on instruments.

Zymax QG is ideal for saturating instruments when soaking is not an immediate option. The spray gel coats the instrument and reaches hard-to-reach places to help ensure organic matter does not harden and complicate the cleaning/reprocessing process. Zymax QG Enzymatic Cleaning Gel is a complementary addition to instrument re-processing as a pre-cleaning step.

Use Zymax QG to safely clean:

- ***Plastics***
- ***Rubber***
- ***Stainless steel***
- ***Fabrics soiled with organic debris***

- ***Non Corrosive***
- ***No Phosphates***
- ***Non Caustic***
- ***Non Foaming***

Product Availability

Zymax QG - 946 mL Spray Bottle (Ready-to-Use) . . .#60026

RTU Gel | BIODEGRADABLE ECO-FRIENDLY | pH NEUTRAL | Mango Scent
