ipana®

5% Sodium Fluoride Varnish

ipana Fluoride Varnish delivers the effortless application clinicians love with the smooth finish and pleasant flavour that patients appreciate. The improved tray design features an ergonomic grip and an easy-peel cover for streamlined handling and minimal preparation time. Simply peel, stir the varnish with the included applicator brush, and apply.

The varnish dries within seconds, finishing clear with no tooth discolouration. Once applied, the varnish remains on the tooth for 4-6 hours, ensuring optimal fluoride uptake.

- **Simple unit dose delivery allows for ease of use and cleanup**
