hx2 Hard Surface Disinfectant is designed specifically as a general non-acid, ready-to-use, nonabrasive cleaner and disinfectant for use on hard, non-porous surfaces in hospitals, nursing homes, patient rooms, ICU areas, locker rooms, public restrooms, schools, food processing plants, food service establishments, office buildings, manufacturing facilities, lodging establishments, retail businesses, veterinary clinics, pet shops, animal life science laboratories and athletic/recreational facilities where housekeeping is of prime importance in controlling the hazard of cross contamination.

hx2 Hard Surface Disinfectant is formulated to disinfect hard, non-porous, inanimate environmental surfaces: floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, glazed ceramic tile, plastic surfaces, chrome, brass, copper, laminated surfaces, enamel surfaces, bathrooms, shower stalls, bathtubs, and cabinets. hx2 may be used in the kitchen on counters, sinks, appliances, and stovetops. In addition, hx2 deodorizes those areas that generally are hard to keep fresh smelling, such as storage areas, empty garbage bins and cans, basements, restrooms and other areas which are prone to odours caused by microorganisms.

- **Broad Spectrum Bactericide, Broad Spectrum Virucide, Tuberculocide and Fungicide**
- **Meets CDC guidelines for intermediate level surface disinfection**
- **Deodorizer and Mildewstat (on hard inanimate surfaces)**
- **Compatible with a wide range of hard, non-porous surfaces**
- **Cleaner and disinfectant in one product; save money, time and storage space**
- **Packaged in recyclable HDPE bottles with PP closures and sprayer**

HDPE = High Density Polyethylene **PP** = Polypropylene
