max-Ject™

DENTAL NEEDLES by maxill

max-Ject Dental Needles feature tri-beveled points to help achieve entry with less pressure. The siliconized cannula reduces resistance and pain. max-Ject Dental Needles are available in a variety of sizes and gauges. Sold sterile in boxes of 100 needles.

A Tri-beveled Point

Sharp tri-beveled point helps reduce pain and discomfort

B Siliconized Cannula

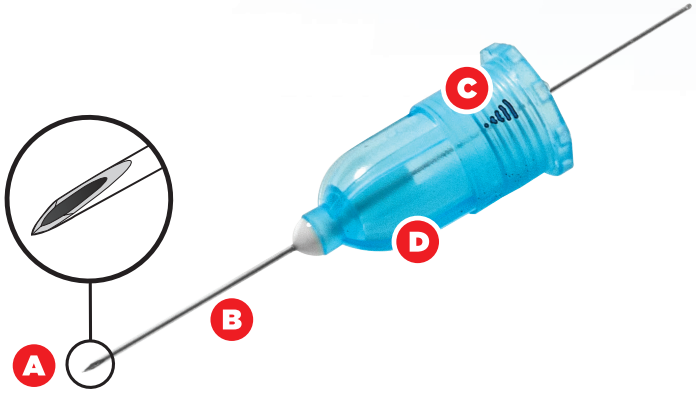

The siliconized cannula reduces resistance and minimizes patient discomfort

C Bevel Indicator

The bevel indicator makes it easy to tell the bevel position at a glance

D Colour Coded

max-Ject Dental Needles are colour coded for easy indentification of the needle gauge
