

How healthy is your IPAC program?

maxill's IPAC Check-Up offers dental offices peace of mind with a consolidated IPAC assessment, condensed IPAC manual policy/procedures review and yearly IPAC training performed by a skilled IPAC facilitator. All elements of the maxill IPAC Check-Up are part of the health of a dental office's IPAC program in aligning with standards of practice and remaining compliant in a one-year snapshot. A dental office's time management is crucial, as such maxill has bundled the Check-Up in two time efficient packages to support initial baseline evaluation and on-going learning.

Start with Check-Up 1, then pre-schedule Check-Up 2; two simple and effective steps to ensure a dental office's IPAC Program's health is on track year after year!
