

SAFETY DATA SHEET

Smart Mouth Lozenges

Section 1: Product and Company Identification

Tab Labs, Inc

D107 19720 94A Avenue Langley, BC Canada V1M 3B7

Emergency Telephone No: 604-513-1391

Product Name: Smart Mouth Lozenges

Product Code: R1397K

CAS #: N/A

Product Use: Dry Mouth Moisturizing Mints and Confectionary

Section 2: Hazard Identification

Emergency Overview: This product is not hazardous according to OSHA hazcom 2012.

Potential short term health effects

Routes of exposure Eye, Skin contact, Inhalation, Ingestion.

Eyes There is no known adverse effect from exposure to the recommended use of this

product.

Skin There is no known adverse effect from exposure to the recommended use of this

product.

Inhalation There is no known adverse effect from exposure to the recommended use of this

product.

Ingestion There is no known adverse effect from exposure to the recommended use of this

product.

Target organs Not applicable.

Chronic effects The finished product is not expected to have chronic health effects.

Signs and symptoms There are no hazards associated with this product.

Potential This product has not been tested.

environmental

effects

Section 3: Composition/Information on Ingredients			
Ingredient(s)	CAS#	Percent	
Sorbitol	50-70-4	90 – 95	
Xylitol	87-99-0	0 - 2	
Spearmint Flavor	N/A	0 – 2	

Document No. MSDS1007 Version: 5

Issue date: August 22, 2019

Magnesium Stearate	557-04-0	0 - 2
Green Color (Turmeric & Spirulina)	458-37-7 / 724424-92-4	0 - 1
Zinc Gluconate	4468-02-4	0 - 1
Steviol Glycosides (Stevia Extract)	57817-89-7	0 - 1
Acesulfame Potassium	55589-62-3	0 - 1

Section 4: First-aid Measures

First aid procedures

<u>Eye contact:</u> Flush with cool water. Remove contact lenses, if applicable, and continue flushing. Obtain medical attention if irritation persists.

<u>Skin contact:</u> Flush with cool water. Wash with soap and water. Obtain medical attention if irritation persists.

ingredients involved. Keep out of reach of children.

Notes to physician: Treat symptomatically.

Section 5: Fire-Fighting Measures

Flammable properties: Not flammable by WHMIS criteria. **Extinguishing Media:** Water, foam, dry powder, carbon dioxide

Special Fire Fighting Procedures: None **Unusual Fire and Explosion Hazards:** None **Hazardous Decomposition Products:** None

Section 6: Accidental Release Measures

Personal precautions: Keep unnecessary personnel away.

Protective equipment: Not applicable

Environmental precautions: Do not dispose/throw into lakes, streams, ponds, and public waters

Methods for containment: Prevent entry into waterways, sewers, or confined areas. **Methods for cleaning up:** Pick up and discard in appropriate disposal container.

Section 7: Handling and Storage

Handling: Handle in accordance with good industrial hygiene and safety practice.

Storage: Store below 25°C (77 °F) and low humidity (<60 %RH). Store product in original container in

a dry location.

Document No. MSDS1007 Version: 5

Issue date: August 22, 2019

Section 8: Exposure controls/Personal protection

Engineering Controls: Not needed under normal conditions of use.

Ventilation: Not needed under normal conditions of use.

Respiratory Protection: Not needed under normal conditions of use.

Eye Protection: Not needed under normal conditions of use. **Skin Protection:** Not needed under normal conditions of use.

Other Protective Clothing or Equipment: Not needed under normal conditions of use.

Hygiene Measures: Normal work and hygiene practices for handling of non-hazardous solid food

products.

Section 9: Physical and Chemical Properties

Appearance:Bi-layer tabletColor:White and green

Form: Solid Solid **Physical state:** Odor: Spearmint Odor threshold: Not available pH: Not available Melting point: Not available **Freezing point:** Not available **Boiling point:** Not available Flash point: Not available Not available **Evaporation rate:** Flammability limits in air, lower, % by volume: Not available Flammability limits in air, upper, % by volume: Not available Vapor pressure: Not available Vapor density: Not available Relative density: Not available Solubility: Miscible in water Specific gravity: Not available

Section 10: Stability and reactivity

N-octanol/water coefficient:

Viscosity:

Reactivity Not known

Chemical Stability Stable if kept 25°C (77 °F) for 24 months

Conditions to avoid Do not mix with other chemicals and avoid high humidity and

Not available Not available

high temperature

Incompatible materials Strong acids, bases and oxidizing agents

Document No. MSDS1007 Version: 5

Issue date: August 22, 2019

Section 11: Toxicological information

Effects of acute exposure

<u>Eye:</u> There is no known adverse effect from exposure to the recommended use of this product.

<u>Skin:</u> There is no known adverse effect from exposure to the recommended use of this product.

<u>Inhalation:</u> There is no known adverse effect from exposure to the recommended use of this product.

<u>Ingestion:</u> There is no known adverse effect from exposure to the recommended use of this product.

Sensitisation The finished product is not expected to have chronic health effects.
 Chronic effects The finished product is not expected to have chronic health effects.
 Mutagenicity The finished product is not expected to have chronic health effects.
 The finished product is not expected to have chronic health effects.
 The finished product is not expected to have chronic health effects.
 Teratogenicity The finished product is not expected to have chronic health effects.

Section 12: Ecological Information

EcotoxicityNot availablePersistence and degradabilityNot availableBioaccumulationNot availableMobility in soilNot availableOther adverse effectsNot available

Section 13: Disposal Considerations

Disposal instructions Dispose according to local law. Do not dispose in sewage or

water streams.

Contaminated packaging Dispose according to local law. Do not dispose in sewage or

water streams.

Section 14: Transport Information

Transport conditionCool And DryUN NumberNot applicableUN Proper shipping nameNot applicable

U.S. Department of Transportation (DOT) (Ground) Classification: Not Regulated Transportation of Dangerous Goods (TDG – Canada) Classification: Not Regulated

IMDG (Marine Transport)

Classification: Not Regulated

IATA (Air) Classification: Not Regulated

Section 15: Regulatory Information

This product described in this Safety Data Sheet is regulated by Health Canada and FDA.

TSCA Status Not applicable
