OHIO FORGE EDGE™

Multi-Patient-Use
Carbide Burs

Ohio Forge EDGE carbide burs provide precise cutting and cavity removal capabilities with various shapes that enhance decay removal, surgical procedures, removal of metal structures, and resin removal while reducing the risk of enamel wear. Designed for millimetre precision, for high and low-speed rotary handpieces to meet specific clinical needs. Made from surgical stainless steel, they are corrosion-resistant and autoclave-safe, ensuring durability and longevity in professional dental applications.

Cavity Prep

Amalgam Prep
FG (Friction Grip)

245 ..... #OPFG0029
(100 burs per box)

Pear
FG (Friction Grip)

330 ..... #OPFG0028
